

George:

We can't thank you enough. We had a wonderful and memorable time. We were treated very well. Everything was perfect. The bus ride was wonderful, we had a police escort all the way. People were saluting and waving to us, as we rode by.

We saw most of the sights. This is one day I will never forget. We met a lot of very nice people. I didn't have to walk I had a wheel chair all the time.  
Again thank you from all of us.
